About Us

Our dedicated team of highly qualified and experienced health care professionals provides superior and compassionate care to each of our client. We have been serving our clients in the DFW Metropolis and surrounding cities since 2002. We provide services to our client under the care of their physicians.

Our Core Values / Principles Are: Excellence, Accountability, Respect, Initiative and Ethical Conduct. We believe recovery is best facilitated in the patients home setting where they are the most comfortable and can interact and receive support from family members or care givers. The patient has a right to choose the provider of care they require. This choice is what we honor most in proclaiming that the health and happiness of our patient is our first priority!

Mission Statement

We are committed to working as a team in providing high quality, safe, warm, compassionate and cost effective healthcare services to individuals in need of those services .

Therapy

When a physician prescribes therapy for the treatment of an illness or injury or to restore or maintain normal functions, we provide the appropriate trained certified therapist and equipment required.

OCCUPATIONAL THERAPY

- ▶ Activities of Daily Living Training
- ▶ Muscle Re-education
- ▶ Perceptual and Fine Motor Training

PHYSICAL THERAPY

- ▶ Therapeutic Exercise
- ▶ Home Exercise Program
- ▶ Care and Transfer Teaching
- ▶ Muscle Re-education
- ▶ Ultrasound/Electrotherapy
- ▶ Anodyne Therapy

SPEECH THERAPY

- ▶ Voice Disorders Treatment

- ▶ Non-oral communication

Skilled Nurses

We provide a Registered Nurse (RN) using the nursing process to assess, plan, implement and evaluate nursing care of the sick and injured, under the direction of the patients physician.

Licensed Vocational Nurses (LVN's) deliver skilled nursing care under the supervision of a Registered Nurse.

Under the direction of a physician, the following are some of the professional services available to eligible patients:

- ▶ Diabetic management
- ▶ Monitoring of vital signs
- ▶ Wound care (VAC therapy Profore system)
- ▶ Enterostomal therapy
- ▶ Disease process, medications, and diet education
- ▶ Instant Protime/NR in patients home

We can also provide bilingual nurses to ensure that our Spanish-speaking patients can communicate effectively with their care providers.

Home Health Aides

Trained and certified Home Health Aides provide personal care such as bathing, grooming, and dressing and assist with activities of daily living. Vital signs and simple treatments are performed under the supervision of a Registered Nurse.

Medical Social Services

We also provide the appropriate Medical Social Services needed to assist in resolving emotional, social and financial problems which may impede the patient's recovery. Community resource planning & short term therapy are some of the other services provided by the medical social worker.

Medical Supplies

We can arrange for Medicare or Medicaid approved equipment including such things as hospital beds, walkers, wheelchairs, diabetic shoes orthotics, wound care supplies, and more.
